NEW

Introducing the 2nd Generation Intel® Core™ Processors

A seamless blend of speed and visuals for visibly smart performance.

- Get a blast of extra power when you need it with Intel® Turbo Boost Technology 2.0¹
 (available on the 2nd generation Intel® Core™ i5 and Core™ i7 processors)
- Enjoy stunning graphics for HD and 3D movies and more with built-in visuals²
- Work on multiple tasks at the same time without waiting for your computer to catch up thanks to Intel® Hyper-Threading Technology³

PROCESSORS	Processor Series	Maximum Clock Speed	4- or 8-way Multitasking	Unlocked Processors ^{4,5}	Integrated Graphics	Intel° Desktop Board
Visibly smart performance at its best for 3D gaming, serious multitasking, and HD media.	2nd gen Intel® Core™ i7-2600K	3.4 GHz with Intel® Turbo Boost Technology 2.0¹ up to 3.8 GHz	8 threads with Intel® Hyper-Threading Technology³	or or	Intel® HD Graphics 3000	Intel® P67 or H67 Express Chipset5
	2nd gen Intel® Core™ i7-2600			_	Intel® HD Graphics 2000	
Visibly smart performance with a boost for watching movies, creating and editing videos, sharing photos, and more.	2nd gen Intel® Core™ i5-2500K	3.3 GHz with Intel® Turbo Boost Technology 2.0¹ up to 3.7 GHz	4 threads	e or	Intel® HD Graphics 3000	Intel® P67 or H67 Express Chipset5
	2nd gen Intel® Core™ i5-2XXX			_	Intel® HD Graphics 2000	
Visibly smart performance starts here with built-in visuals² for better performance you can see. ★ ★ ☆ ☆	2nd gen Intel® Core™ i3-2XXX	3.3 GHz	4 threads with Intel® Hyper-Threading Technology³	_	Intel® HD Graphics 2000	DESKTOP BOARD inside* Intel® H61 Express Chipset

Visibly smart performance for a difference you can see. 2nd generation Intel® Core™ processors and Intel® Desktop Boards

Requires a system with Intel® Turbo Boost Technology 2.0 is available only on 2nd generation Intel® Core™ i7 processors. Consult your PC manufacturer. Performance varies depending on hardware, software and system configuration. For more information, visit http://www.intel.com/technology/turboboost. ²Whether you will receive the benefits of built-in visuals depends upon the particular design of the PC you choose. Consult your PC manufacturer whether built-in visuals are enabled on your system. Learn more about built-in visuals at http://www.intel.com/technology/visualtechnology/index.htm. ³Available on select Intel® Core™ processors. Requires an Intel® HT Technology enabled system. Consult your PC manufacturer. Performance will vary depending on the specific hardware and software used. For more information including details on which processors support HT Technology, visit http://www.intel.com/info/hyperthreading. ⁴WARNING: Altering clock frequency and/or voltage may: (i) reduce system atability and useful life of the system and processor; (ii) cause the processor; (iii) cause reductions in system performance; (iv) cause additional heat or other damage; and (v) affect system data integrity. Intel has not tested, and does not warranty, the operation of the processor beyond its specifications. Intel assumes no responsibility that the processor, including if used with altered clock frequencies and/or voltages, will be fit for any particular purpose. ⁵A board based on an Intel® P67 Express Chipset is required to take advantage of the overclock capabilities of the i7-2600K and i5-2500K processors. Access to built-in visuals will not be available with the P67 Chipset. Copyright © 2011, Intel Corporation. All rights reserved. Intel Inside, Intel Corporation in the U.S. and other countries.
